

THE BESOM in Taunton

sweep away suffering

PROJECT No. 269 DECORATING IN TAUNTON

Following a referral from Children's Social Care, a team from St James' Church undertook a project to decorate the hall, stairs and landing for a family in Taunton.

We arrived to meet the recipient and her two children amid the start of the second batch of snow in Taunton within a couple of weeks.

It was cold outside but we had a warm welcome from her. She was very pleased that we were ready to do a face-lift of the lobby, stairs and landing with no less than seven doors, staircase & bannisters to paint.

It was a very tight space for four of us to work in but we managed to squeeze past each other with the odd "breathe in a minute while I get past" and paint in the hair - but that's the norm with this work!

After several hours with the rollers, sandpaper, brushes and Hoover we managed to get the work finished by mid afternoon.

The recipient was very pleased with the result and very grateful for all our efforts.

We finished with a short prayer of thanks to our Lord Jesus and left the Besom card for reference. The recipient asked about baptism for herself and the children and we said that we would forward details of someone to contact at the church.
