

THE BESOM in Taunton

sweep away suffering

PROJECT No. 277 GARDENING IN WELLINGTON

One of Wellington's team of Estates Officers contacted Besom to see if we could help with a large overgrown garden for a family.

The project team that was put together to take on the work consisted of seven time givers in all: some from Canon Street Church, some from North Street Church and one other. Two of the team were new to Besom projects and loved every second, even the hot temperature! It was a blessed day - we all lost a few pounds too!

The garden was a good size, with trees and hedges to cut back and in some areas the long grass was over two feet tall. This had to be attacked by using the large petrol strimmer and it took the whole project time of five hours non-stop cutting to clear it - very hot work!

The recipient was a single mum, living in the Rockwell Green area with her children. She was a lovely lady and very much appreciated the end result. The two ladies on the project team spent a lot of time talking to her, which was very valuable for her. Some of the team also had an opportunity to pray with her - praise God!
