

THE BESOM in Taunton

sweep away suffering

PROJECT No. 283 GARDENING IN TAUNTON

Following a referral from Taunton Deane Borough Council Housing, a team of five from St James church were pleased to help a lady whose garden had become overgrown, and she was unable to deal with it herself.

Ivy had grown to cover the wall and neighbouring garage, the lawn had grown wild, and various climbing plants had become embedded right across the lawn; so ladders, strimmer, secateurs and lawn mower were the day's tools. It was a fine autumn morning, and five stuffed full jumbo bags bore record of the team's efforts, not to mention the cleared and transformed garden.

Sadly the recipient was unwell on the day so there was limited conversation whilst we worked, but she was happy for us to pray for her and her circumstances before we left.
